FTR Now: Federal Legislation Introduced to Create "PIPEDA 2.0"

Date: June 9, 2010

As previously reported, on May 25, 2010, the federal government introduced two Bills that if passed, would significantly amend PIPEDA: Bill C-29, the *Safeguarding Canadians' Personal Information Act* and Bill C-28, the *Fighting Internet and Wireless Spam Act*.

In our *FTR Now* of June 9. 2010, we summarize the major changes to PIPEDA outlined in both Bills and explain why these changes make it time for Canadian organizations to pay special attention to privacy protection and data security.
