Human Resources Legislative Update

Ontario Proposes Integrated Accessibility Regulation Under AODA

Date: September 2, 2010

On September 2, 2010, the Ontario government published the proposed integrated accessibility regulation ("IAR") under the Accessibility for Ontarians with Disabilities Act, 2005 ("AODA") for public review and commentary.

As previously reported, the IAR initiative combines the information and communications, employment and transportation standards into a single, integrated regulation, intended to make them "more flexible" for business.
