News

Submissions to the New Brunswick Pension Task Force

Date: March 29, 2011

The Pension Task Force, established to examine the long-term stability and security of pensions in New Brunswick, is seeking submissions from the public regarding the pension plan issues under review including: the rules protecting employees and pensioners; ensuring the long-term sustainability of the pension promise made to workers; and the effectiveness of structures meant to protect pensions.

Our Pension & Benefits Group would be pleased to work with you if you intend to make submissions. Alternatively, you can send your submissions directly to the Pension Task Force. If you have any questions, please contact any member of our Pension & Benefits Group.
