2012 EI Premium Rate Set

Date: December 12, 2011

On November 14, 2011, the Board of Directors of the Canada Employment Insurance Financing Board passed a resolution setting [the 2012 Employment Insurance \("EI"\) premium rate](#) for residents of all provinces, with the exception of Quebec, at \$1.83 per \$100 of insurable earnings. The EI premium rate for Quebec residents has also been set, at \$1.47 per \$100 of insurable earnings.

This resolution is consistent with the [federal government's prior announcement](#) of a reduction in the maximum potential increase in EI premium rates for 2012 from 10 cents, to 5 cents.
