### Ontario Government Re-Introduces Budget 2014, New Budget Bill

**Date:** July 15, 2014

On July 14, 2014, the Ontario government re-introduced its 2014 Budget, entitled *Building Opportunity, Securing Our Future* (the “Budget”). On the same day, it tabled [Bill 14, \*Building Opportunity and Securing Our Future Act \(Budget Measures\), 2014\*](#).

The amendments outlined in Bill 14 are similar, but not identical, to measures proposed in the May 2014 Budget Bill (Bill 194), which was introduced prior to the June election. A government press release highlighting some of the notable differences between the old Budget Bill and Bill 14 is available [here](#).

We are in the process of reviewing Bill 14, and an *FTR Now* highlighting measures of interest to employers will be available on [our website](#).
