

## Human Resources Legislative Update

### WSIB Rate Framework Implementation Date Set for January 1, 2020

**Date:** September 18, 2017

Further to [O. Reg. 349/17](#) which amends [O. Reg. 470/16](#) made under the *Workplace Safety and Insurance Act, 1997*, the new Workplace Safety and Insurance Board (WSIB) [Rate Framework](#) will be implemented on January 1, 2020, which is one year later than the initial targeted implementation date.

[As we previously reported](#), the Rate Framework will fundamentally change the way the WSIB classifies Schedule 1 employers and sets their premium rates.

[As we also previously reported](#), the WSIB currently has a consultation process underway which invites submissions on seven draft policies in support of the Rate Framework. Those submissions are due by October 13, 2017.
