

Tierney Read Grieve is the Director of Professional Resources. Working with the firm's lawyers, Tierney is responsible for law student and associate programs, which includes recruitment, mentoring and performance management.

Tierney is responsible for design and implementation of the firm's professional development curriculum, which focuses on skills-based learning and integrated business development programming to share knowledge and support sustainable practice growth. She is also a member of the firm's Diversity and Inclusion Committee.

Prior to assuming this role, Tierney was a lawyer in the Knowledge Management & Business Development group at Hicks Morley's Toronto office, working with lawyers to organize and distribute legal expertise within the firm, generate practical knowledge products and resources for the firm's clients, and provide targeted, strategic business development advice and support for practice and industry groups.
